

CNS OFFICER'S GUILD [Regd.]

Date: 06.01.2009

Circular 1 of 2009

Dear friends,

CNS officers' guild wishes all CNS Officers & their families a very happy new year 2009 and congratulates all the officers who have been promoted to the higher posts very recently. We feel immense pleasure to inform you all that CNS Officers Guild has grown by leaps and bounds in just a span of three years and the credit goes to all our esteemed members for their continued support & faith.

We reiterate our commitment towards bringing unity in the discipline and creating awareness in the outside world to let them realize the importance of CNS functions. We shall also feel proud to be a CNS professional & continue to ensure safety of the passengers in the air by following the highest standard set by the ICAO.

We deeply regret the delay in issuance of promotions & transfer circular in CNS discipline due to some false allegations made by a multi cadre association to manipulate tenure & out of region seniority lists to save some of their office bearers from transfers. Nevertheless CNS Officers' Guild will safeguard the interests of our members & will not let anyone to play with the future of CNS officers.

We would also like to inform our membership that open exam for proficiency is held up as some changes are required to be done in the existing proficiency policy. We are trying our best to expedite the process of revision in proficiency policy to make it more practical & beneficial to all the members. The final decision on award of automation proficiency is also like to come very soon.

With regard to the creation of posts as per Joshi committee report & for 3rd runway at I. G. I. Airport the proposals are already sent by directorate of CNS to directorate of personal for approval in MAB (Manpower advisory board).

The 2nd pay revision in PSUs is due from 01.01.2007 & is likely to be implemented in the months of Feb-March 2009. We are constantly monitoring the process of pay revision & hope to get the best out of it for our members. The preparation of revised leased accommodation rules is also in final stage.

Office bearers of CNS Officers Guild are constantly receiving calls from our members seeking information on the status of recognition to CNS Officers Guild. In this matter we assure you that we will leave no stone unturned to get recognition & those days are not very far. But due to negative publicity & arm twisting of AAI management by some of our fellow associations we are unable to disclose the details to the membership. However it may be seen from the past experience that CNS Officers Guild takes care of your interests better than the so called recognized associations & will continue to do so in future as well.

In the end we would like to thanks all our members for understanding the importance of electronic media & using our website www.cnsguild.com for easily accessing all the important circular & orders. It's a matter of pride for us that even members of other associations do consider our website most efficient in uploading the latest news in the organization. The time is not far when all our colleagues will understand the importance of single cadre specific platform & will help the most vital but widely ignored discipline of CNS to achieve new heights.

(A. K. Garg)
Jt. General Secretary
